EXPERIENCE

Jul 2023 – Nov 2023 (5 months)
Web Developer, *GD Solution*

I gained hands-on experience working on various web development projects. I collaborated with senior developers to design and implement website features, debug code, and optimize website performance. I worked with HTML, CSS, JavaScript, and various web development frameworks to build responsive and user-friendly websites.

Nov 2022 – Feb 2023 (4 months)
IT Trainer, *GDF Skills Institute*

During my IT trainer internship at the institute, I gained valuable teaching experience by delivering lectures and hands-on demonstrations to students. my internship provided me with hands-on teaching experience and enhanced my communication and presentation skills in the field of information technology.
